This technical drawing illustrates a cross-section of a door assembly. The door is shown in a partially open position, revealing the internal structure and the locking mechanism. The door is made of a light-colored material, possibly wood or a composite material, with a dark-colored handle and lock mechanism. The handle is mounted on the door, and the lock mechanism is integrated into the door's edge. The drawing shows the door's profile, the handle, and the lock mechanism in detail, highlighting the assembly's components and their interaction.
